<u>Semi Final</u> v Whitgift	LOST	7 - 36

The squad did extremely well, improving their standard of play throughout the tournament. They deservedly won their group, which included an impressive win over Bridgend College. In the Quarter Final of the Main Competition they played some of their best rugby to defeat a strong Eastbourne College team.

Unfortunately in the Semi Final against Whitgift some early decisions when against St John's, which led to them having to chase the game, which they could not quite achieve. However this was an excellent first outing and to get to the semi final of the Main Competition, with such a wealth of top rugby schools in the tournament, was an outstanding achievement.
