1. BACKGROUND INFORMATION

About the school

- 1.1 St. John's School is an independent day and boarding school for boys and girls aged from 11 to 18 years. It is owned and governed by the Governing Council of the Saint John's School Foundation. Since the previous inspection, the school has opened a Lower School which caters for boys and girls from the age of 11 years. The current head was appointed in September 2017. The school was founded in 1851 to provide an education for the sons, and now daughters, of Anglican Clergy, and moved to Leatherhead in 1872. The Foundation continues to fulfil its original purpose, whilst also admitting many non-clergy pupils.
- 1.2 The Lower School admits pupils in Years 7 and 8, from where they transfer into the Upper School which comprises Years 9 to 11. The sixth form caters for pupils in Years 12 and 13. Boarders are accommodated in a number of single-sex boarding houses on-site.

What the school seeks to do

- 1.3 The school aims to promote academic excellence and a love of learning. It is a Christian foundation and sets out to provide a caring pastoral environment within which each pupil feels supported. Central to its philosophy is the intention to provide co-curricular opportunities and nurture an appreciation of the arts as part of a rounded education. It seeks to enable pupils to develop a sense of leadership, service and personal responsibility. The school intends that pupils become positive, confident and rounded individuals able to face the challenges of adult life.

About the pupils

- 1.4 Pupils come mostly from White British families with professional backgrounds, living within a 15-mile radius of the school. Some weekly boarders come from further afield. Nationally standardised test data provided by the school indicate that the ability of the pupils in the Lower and Upper schools is above average, and the ability profile of the sixth form is broadly average. The number of pupils identified by the school as requiring support for special educational needs and/or disabilities (SEND) is 43. None have a statement of special educational needs or an education, health and care (EHC) plan. Nine pupils have English as an additional language (EAL), one of whom receives one-to-one support. The school has identified 313 pupils as more able, gifted and/or talented. Support for these pupils is provided through differentiation, extension and enrichment activities.

2. REGULATORY COMPLIANCE INSPECTION

Preface

The registration authority for independent schools is the Department for Education (DfE), which directs inspection according to a specified frequency or at any time where the DfE has particular concerns about a school. The Independent Schools Inspectorate (ISI) is the body approved by the Secretary of State for the purpose of inspecting schools which are, or whose heads are, in membership of the associations which form the Independent Schools Council (ISC) and reporting on the extent to which they meet the Independent School Standards ('the standards') in the Schedule to the Education (Independent School Standards) Regulations 2014. Accordingly, inspection records whether the school meets each of these standards, which are arranged in eight Parts, each of which is divided into separate paragraphs. Additionally, the inspection reports on the school's accessibility plan under Schedule 10 of the Equality Act 2010 and the ban on corporal punishment under section 548 of the Education Act 1996. It comments on the progress made by the school in meeting the compliance action points set out in the school's most recent statutory inspection.

This inspection also contains specific judgements on the National Minimum Standards for Boarding Schools ('boarding NMS'). It also comments on the progress made by the school in meeting the compliance action points set out in the most recent statutory boarding inspection and it judges the extent to which the school currently meets the boarding NMS. It identifies any standards which the school does not meet and requires action to meet them. Findings are distributed across sections relating to the eight Parts of the standards.

All association independent schools will have an inspection within three years from April 2016, in accordance with the Framework and DfE requirements. The inspection may be of COMPLIANCE ONLY or a combined inspection of EDUCATIONAL QUALITY AND COMPLIANCE depending on a number of factors, including findings from their most recent inspection. Schools judged not to meet the standards, including the boarding NMS, may also be subject to a progress monitoring visit before their next routine inspection. The progress monitoring visit will judge whether the school has taken the necessary action to meet any un-met standards identified at their previous inspection.

The inspection was also carried out under the arrangements of the ISC Associations for the maintenance and improvement of the quality of their membership.

This is a COMPLIANCE ONLY inspection and as such reports only on the school's compliance with the standards, including the boarding NMS. The standards represent minimum requirements and judgements are given either as **met** or as **not met**. All schools are required to meet all the standards applicable to them. Where the minimum requirements are not met, this is clearly indicated in the relevant section of the report

Inspections do not include matters that are outside of the regulatory framework described above, such as: an exhaustive health and safety audit; compliance with data protection requirements; an in-depth examination of the structural condition of the school, its services or other physical features; contractual arrangements with parents; an investigation of the financial viability of the school or its accounting procedures.

Inspectors may be aware of individual safeguarding concerns, allegations and complaints as part of the inspection process. Such matters will not usually be referred to specifically in published reports in this document but will have been considered by the team in reaching its judgements.

- 2.4 The curriculum is documented, supported by appropriate plans and schemes of work for the pupils and covers the required breadth of material. The teaching enables pupils to make good progress, encompasses effective behaviour management and is supported by suitable resources. A suitable framework for the assessment of pupils' performance is in place.
- 2.5 The standards relating to the quality of education [paragraphs 1–4] are met.**

PART 2 – Spiritual, moral, social and cultural development of pupils

Pupils are properly supervised; admission and attendance registers are maintained, as required, and there is a strategic approach to risk assessment. A disability access plan is in place.
- 2.9 An appropriate induction process for pupils new to boarding is implemented, and suitable provision is made for boarders' medical and health care, their food and drink and for managing boarders' laundry and possessions. Boarders have suitable contact with friends and family and access to a programme of activities. Boarding staff are appropriately trained and deployed.
- 2.10 The standards relating to welfare, health and safety [paragraphs 6–16], the requirement of Schedule 10 of the Equality Act 2010, the ban on corporal punishment under section 548 of the Education Act 1996, and NMS 2–4, 6–12, 15 and 16 are met.**

These include details about the proprietor, the ethos of the school and the curriculum, and of the school's arrangements for admission, behaviour and exclusions, bullying, health and safety, first aid, details of the complaints procedure, and the number of complaints registered under the formal procedure during the preceding school year, and the provision for those with education, health and care plans or English as an additional language. They also include particulars of the school's academic performance during the preceding school year, and its results in public examinations, inspection reports and (for parents only) a report at least annually of their own child's progress. Inspectors visited boarding houses and the learning support and educational resource areas. The responses of parents and pupils to pre-inspection questionnaires were analysed, and the inspectors examined curriculum and other documentation made available by the school.
